### ABOUT MYSELF

I am a motivated and results-driven Computer Science & Engineering student with a passion for technology, web development, and innovation. With hands-on experience in web technologies like React, Django, and MySQL, I am eager to contribute my technical skills and creative problem-solving abilities to real-world projects. I thrive in collaborative environments and am always keen to learn new technologies and improve my skills. Additionally, my experience as a self-sales representative in a small food cart business has honed my communication, customer interaction, and marketing skills, allowing me to adapt to diverse roles and challenges. I am excited to continue growing professionally and make a meaningful impact in the tech industry.
